PART IV · BUILD THEM

Chords

Press three notes at once and you have a chord. Stack them, name them, turn them upside down, add floors. Every chapter of this part is in these four bars of Twinkle.

1 **Chords and triads** p. 87
three notes stacked like a snowman

2 **Four kinds of triad** p. 90
major 3 + 2, minor 2 + 3

3 **Chords in a key** p. 93
Roman numerals: I, IV and V do most of the work

4 **Inversions** p. 96
the same notes, a different one at the bottom

5 **Seventh chords** p. 99
one more floor: G7 pulls home

6 **Colour chords** p. 102
sus and add: a note moved or added

7 **The tower: 9, 11, 13** p. 105
keep skipping a letter

8 **Slash chords** p. 108
C/E: the chord, then the bass note

★ **Tips: when a chord sounds wrong** p. 111
