2 Say and clap

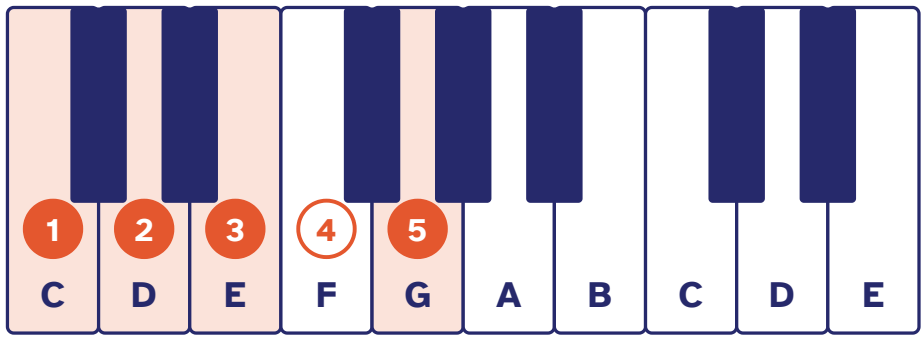

Say the words in time, then clap them and count. Clap on the coral numbers; hold through the grey ones.

- [ ] **Said it in time**
- [ ] **Clapped and counted**

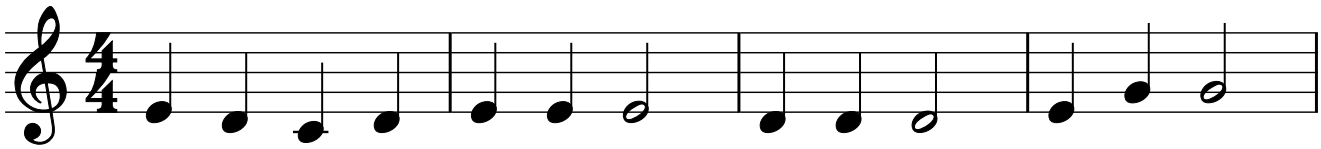

3 Read it

The song uses four notes of C position. Find them on the keys, then on the staff.

C position: the right-hand thumb on middle C. The song's four notes are lit.

Write the letter names of bars 1 to 4 in the boxes. The first one is done.

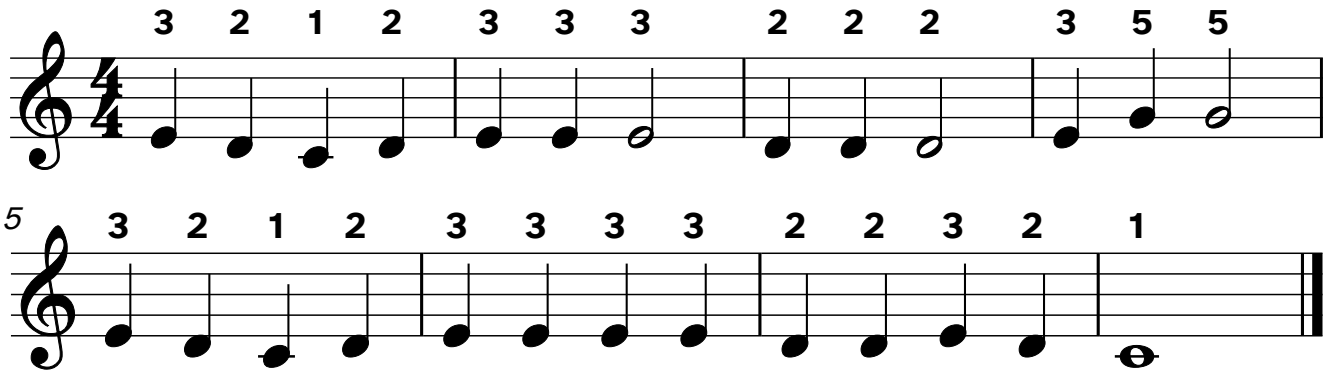

In bar 4 the tune goes from E to G. Is that a step or a skip? ☐ **a step** ☐ **a skip**

4 Play it four ways

Start with Way 1. Each way adds a little more for the left hand; your teacher tells you which way is yours this week.

WAY 1 The tune ★☆☆☆

Right hand alone. The numbers are your fingers.

WAY 2 One long note below

★★☆☆

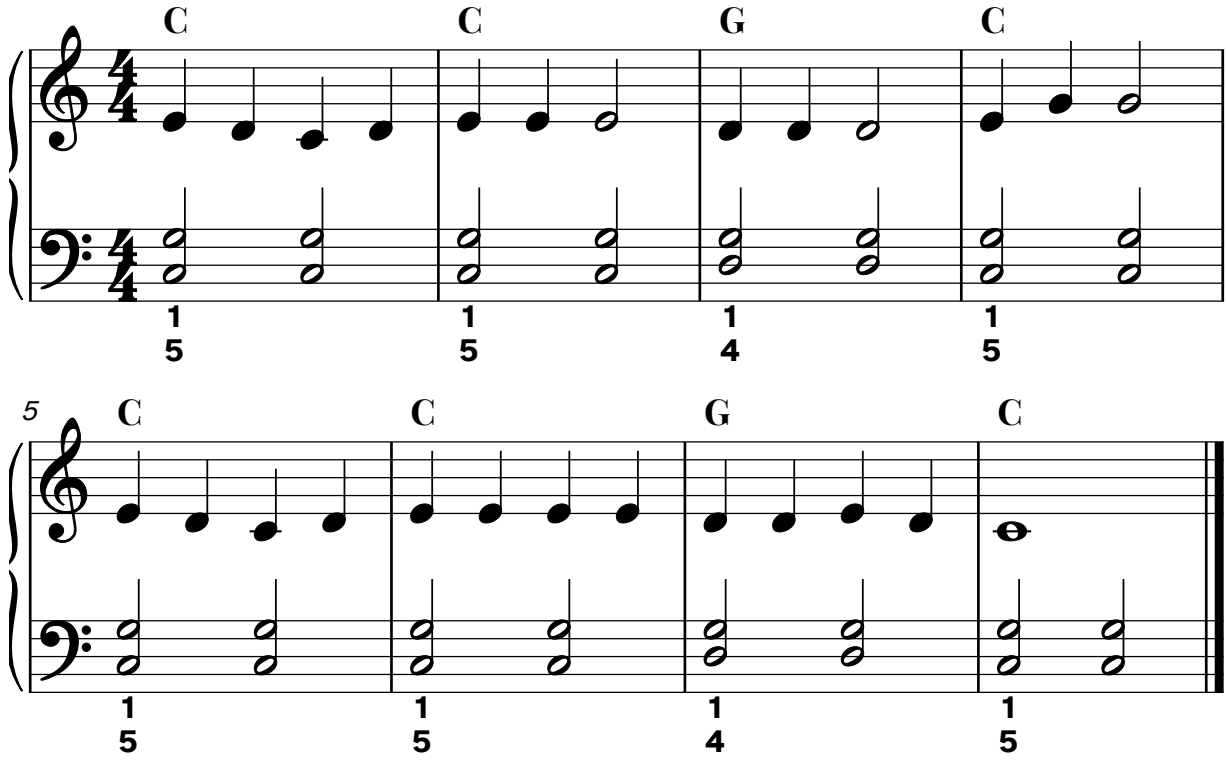

The left hand holds one note each bar: C with finger 5, or G with finger 1. Count four.

WAY 3 With chords

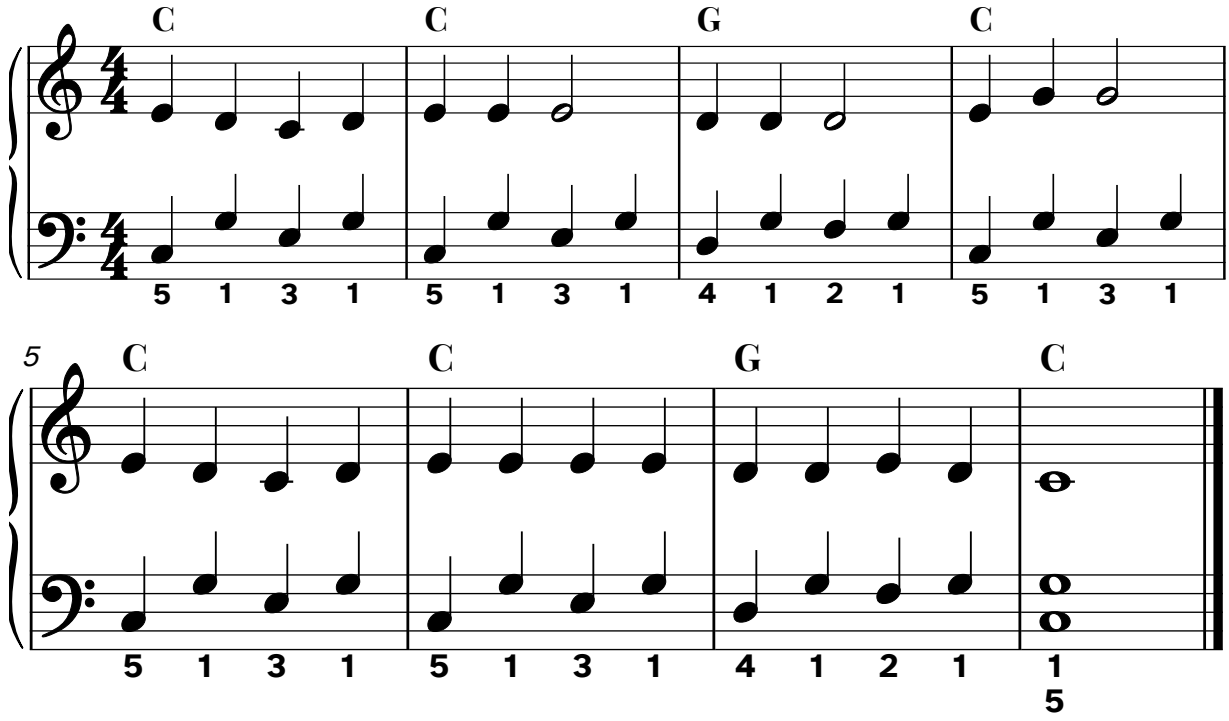

★★★☆

The letters above are the chords. The left hand plays two notes together on beats 1 and 3: C and G for C, D and G for G.

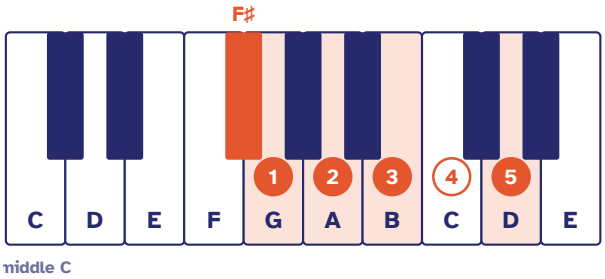

WAY 4 A moving bass ★★★★

The left hand walks through each chord one beat at a time.

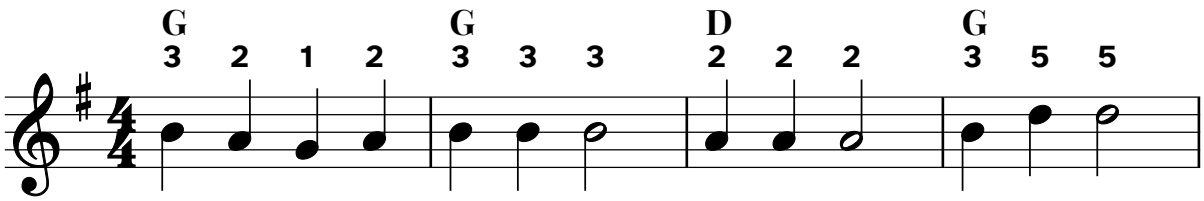

5 Move it to G

Same fingers, new home: thumb on G, and the tune moves with your hand. The chords move too: C becomes G, G becomes D.

G position. The key of G has one black key, F♯: the sharp sign at the start of the staff. This tune never needs it.
