Guest chords

REMEMBER A note from outside the key is a guest: find it, then follow it one small step.

1 Find the guest note

★☆☆

Each chord is played in C major. Write the note that does not belong. The first is done.

CHORD	NOTES	GUEST NOTE
D	D F♯ A	F♯
Fm	F A♭ C	
E	E G♯ B	
B♭	B♭ D F	
A	A C♯ E	

2 Where does it go?

★★☆

Each guest note moves one small step to a note of the next chord. Write that note. The first is done.

CHORD, THEN	GUEST NOTE	STEPS TO
D, then G	F♯	G
Fm, then C	A♭	
E, then Am	G♯	
A, then Dm	C♯	

3 Home or guest?

★☆☆

Circle home if every note is in C major, guest if one is not. The first is done.

G B D	(home) · guest
D F♯ A	home · guest
A C E	home · guest
A♭ C E♭	home · guest
F A C	home · guest

Guest chords

REMEMBER Sharp guests push up one key; flat guests sigh down one key. Follow the guest to find the next chord.

1 Follow the sharp ★★☆

Find the sharp, go up one key, and write the next chord (the note you reach names it). All in C major. The first row is done.

GUEST CHORD	SHARP	UP ONE KEY	NEXT CHORD
D F♯ A	F♯	**G**	**G**
A C♯ E			
E G♯ B			
B D♯ F♯			

2 Borrow from the twin ★★☆

Make IV minor: move its middle note down one key. The first is done.

KEY	IV	BORROWED IV
C major	F A C	**F A♭ C**
G major	C E G	
F major	B♭ D F	

3 Follow the flat ★☆☆

Find the flat and go down one key. The first is done.

GUEST CHORD	FLAT	DOWN ONE KEY
F A♭ C	A♭	**G**
C E♭ G		
D F A♭		

4 Play the guests ★☆☆

Play each row slowly: left hand plays the chord's name note, right hand the whole chord. Listen for the guest moving one key. Tick a circle each clean day.
