Notes and rests

REMEMBER Each plain note lasts half as long as the one above it; every note has a rest of the same length.

1 Name, beats and rest ★☆☆

Write each note's name and beats (crotchet = 1 beat), then draw the rest of the same length. The first row is done.

2 Draw it ★★☆

Draw one note for each length (crotchet = 1 beat).

3 Why a whole note? ★☆☆

One pizza = one beat. The note that fills all four pizzas of a 4/4 bar is the **whole note**; shorter notes cut one pizza into pieces. Colour each share, write the other name and the beats.
