TIME · HOW LONG IS A NOTE? · LEARN

How long is a note?

REMEMBER A dot adds half the note's value; a tie joins two notes of the same pitch into one sound.

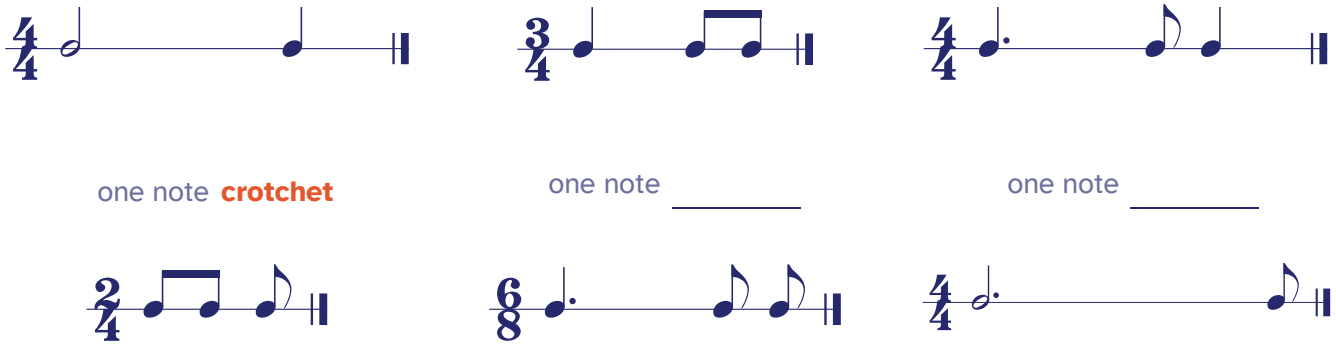

1 Note sums ★☆☆

Add up the beats (crotchet = 1 beat). The first one is done.

2 Complete the bar ★★☆

Each bar is one note short. Count the beats you have, then find what is missing. The first is done: 4/4 needs 4 beats; minim 2 + crotchet 1 = 3, so **1 beat** is missing: a crotchet.

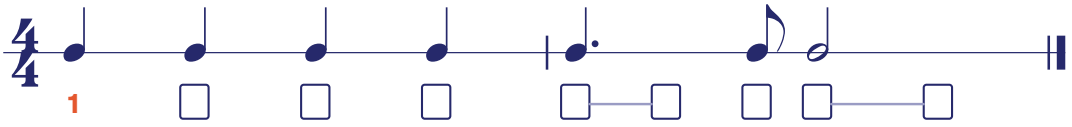

one note **crotchet** one note _____ one note _____

one note _____ one note _____ one note _____

3 Ode to Joy: count it ★★☆

Bars 3–4 of Beethoven's Ode to Joy (Handbook p. 40). Write a count in every box, then sing it as you clap. The first is done.

TIME · HOW LONG IS A NOTE? · USE

How long is a note?

REMEMBER A tie can cross a bar line; a dot cannot.

1 Tie or dot?

★★☆

Each tie makes one sound. Write the one dotted note that lasts the same. The first is done.

dotted note **dotted minim**

dotted note _____

dotted note _____

2 Spot the mistake

★★☆

One bar does not add up to four beats. Circle it and write how many beats it has.

beats in the wrong bar ☐

3 Clap and count

★☆☆

Clap the dotted rhythms, counting the "&" inside each dotted crotchet. Tick a circle each time it is steady.
