**REMEMBER** Walk-down: the bass steps down. Pedal: the bass stays. Colour: the bass is not in the chord.

## 1 Walk the bass down ★★☆

The bass walks C B A G F. Fill each gap with a slash chord: use the G chord once and the C chord once. The chord must hold the bass note.

| Bass | C | B | A | G | F |
|---|---|---|---|---|---|
| Chord | C | | Am | | F |

## 2 Over a C pedal ★☆☆

Write each chord over a C in the bass. The first is done.

| Chord | F | G | Dm | B♭ |
|---|---|---|---|---|
| Over C | F/C | | | |

## 3 Left hand, right hand ★★☆

The left hand plays the note before the bar; the right hand plays the chord after it. Name it as a slash chord. The first is done.

| LEFT HAND \| RIGHT HAND | SYMBOL |
|---|---|
| E \| C E G | C/E |
| B \| G B D | |
| C \| F A C | |
| G \| F A C | |
| C \| D F♯ A | |

## 4 Play the walk and the pedal ★☆☆

Left hand plays the bass, right hand the chord. Tick a circle each clean day.
