CHAPTER 5 · NOTES & RESTS

Lesson Book draft v2

Your notes, done

1	**Walk and running only.** Bird and tur-tle are gone: walk under each crotchet, run-ning under each quaver pair (pages 2 and 5).
2	**"Its other name is ..."** instead of "American books call it ...": a quarter note, a half note, dotted half note and whole note, eighth notes, quarter, half and whole rests. The same in chapter 11 (Tones & Semitones): its Lesson Book, its guide page, two old tool tips and its Teacher copy. A new Book rule.
3	**Short and plain.** Every page's words and every task cut to the point. A new Book rule.
4	**Which line.** Page 6 shows the five lines, numbered from the bottom: the minim rest sits on the middle line (3), the semibreve rest hangs from line 4, each line in coral.

Still open (my recommendation in brackets)

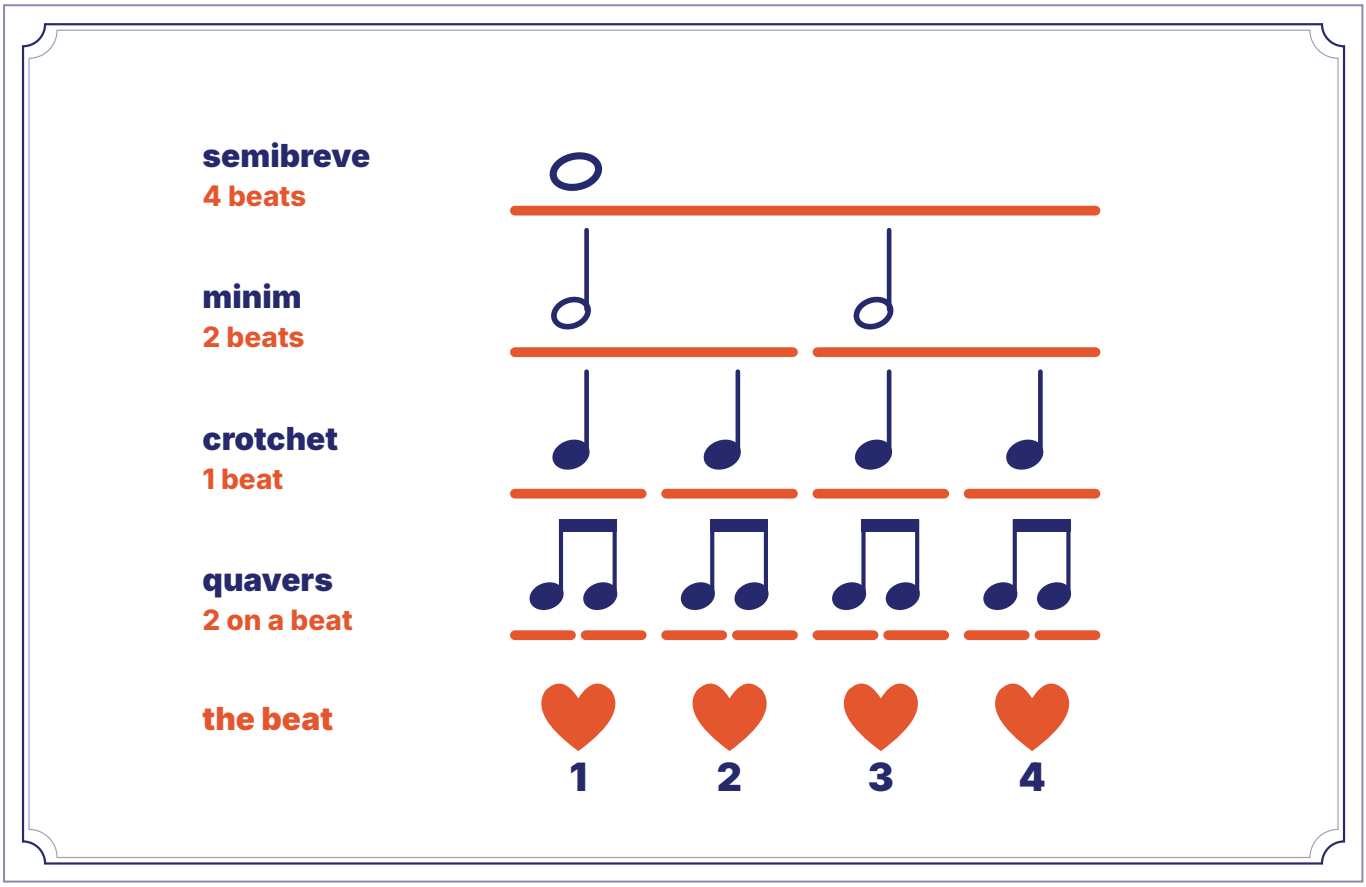

B4	Held beats: count every beat out loud; the held numbers lighter (lighter numbers).
B5	The dot: "the dot adds half the minim" (yes; it carries over to dotted crotchets later).
B6	The coral sound line under every note, as long as its beats (yes).
B8	The single quaver and the quaver rest: not in the book, later (yes).
B9	Today's extras move: bars and rests on the staff to Time Signatures; dotted crotchets, dot lab and semiquavers to Rhythm Patterns (yes).
B10	The drill: 6 levels for this room, higher levels marked with their grade (yes).
B11	Workbook W1 to W5 and the check-up on paper (all six).
B12	On screen: the sound line grows while the note sounds; tap each page's rhythm (yes).
B13	Page 4: the dotted minim and the semibreve together (together).
G1-3	For the guide page: the mistakes you see most, what you always say or do, and a parents' tip or none.

The 7 draft pages follow. The yellow marks (B4, B5) wait for your answers.

STEP 1

The crotchet: one beat

A **crotchet** has a filled head and a stem. It lasts **one beat**. Walk: one step on each beat. Its other name is a quarter note.

CHECK-UP

My five checks

Show each one at the piano, then colour a circle for how it is going: not yet, nearly, or got it! The check-up on paper is in the Workbook.
