CHAPTER 6

Ledger Lines

Remember Clara's short rung? It has a real name: a **ledger line**. Ledger lines are the rungs of a ladder that lets notes climb out of the lands -- up from Queensland into the bird's sky, down from Kingsland into the turtle's sea.

In this chapter

- ☐ Clara's rung is a ledger line 2
- ☐ Up into the sky 3
- ☐ Down into the sea 4
- ☐ Between the lands 5
- ☐ Five Cs 6
- ☐ My five checks 7

By the end, you can

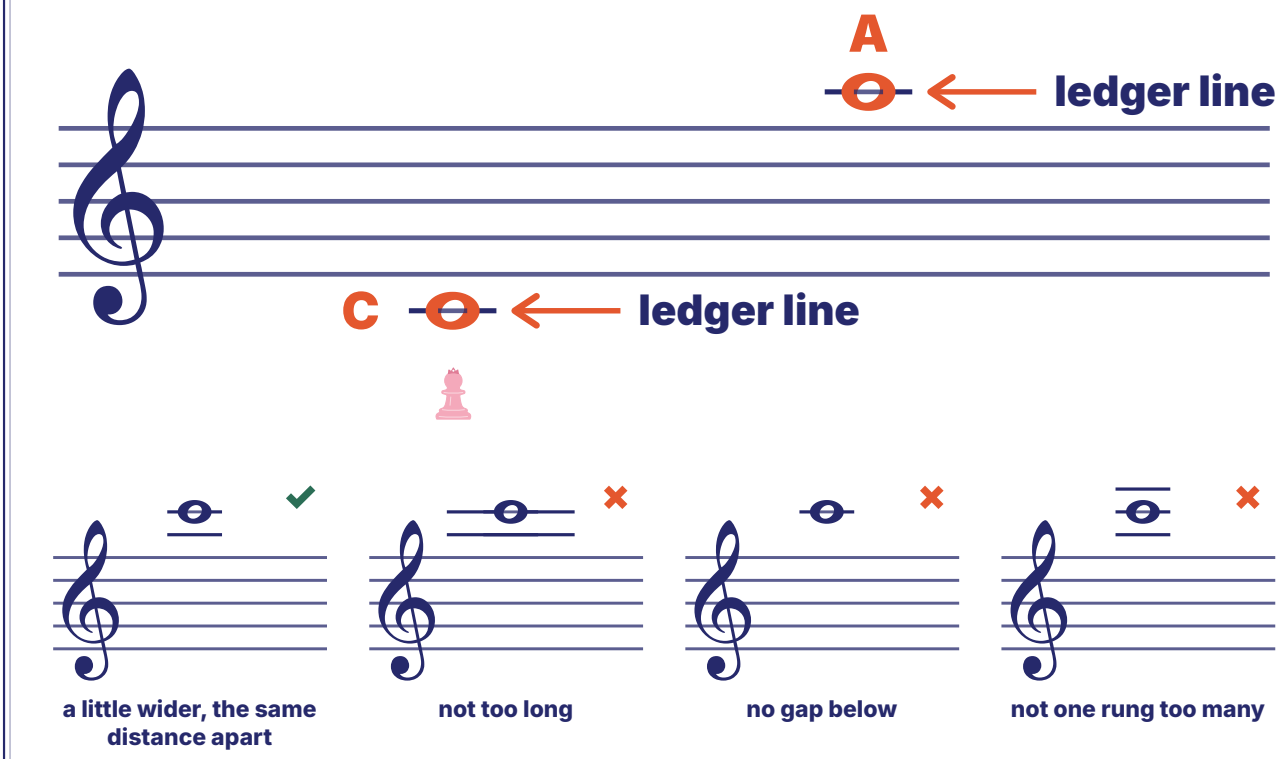

- ☐ say what a ledger line is and draw one neatly
- ☐ read up to three rungs above Queensland
- ☐ read up to three rungs below Kingsland
- ☐ read the rungs between the lands both ways
- ☐ find the five Cs from the sea to the sky

online

STEP 1

Clara's rung is a ledger line

When a note is too high or too low for the five lines, we draw a short line just for that note -- a **ledger line**. Clara's rung is one. The pattern carries on outside the staff: line, space, line, space. A ledger line is just **a little wider than the note**, the **same distance apart** as the staff lines, with **no gaps** back to the staff -- and never one more than the note needs.

At the piano

1. Play Clara's C. The short line it sits on has a real name: a **ledger line**. ☐
2. Play one more note on a ledger line: the **A** on the rung above Queensland. Clara's C and that A both sit on ledger lines. ☐

REMEMBER **A ledger line is a rung for one note: line, space, line, space -- the pattern goes on.**

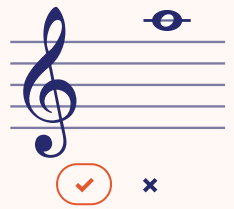

LESSON STEP 1

TRY IT Neat or not?

Circle ✓ if the rungs are drawn right, × if they are not: too long, a gap, or one too many.

★ PLAY How many rungs?

The rungs are missing. Write how many each note needs: 0, 1, 2 or 3.

STEP 2

Up into the sky

Start on Queensland's top line, **F**. Just above it, in the space, is Chapter 5's **G**. Then rung 1 carries **A**, the next space **B**, and rung 2 carries **C** -- **Sky C**. Line, space, line, space: one letter a step, just like inside the staff. We go as high as **three rungs**: rung 3 is **E**.

At the piano

1. With your right hand, climb from F: **F G A B C** -- "line, space, rung 1, space, rung 2". ☐
2. Find **Sky C**: from Clara's C, up to the next C, and the next. ☐

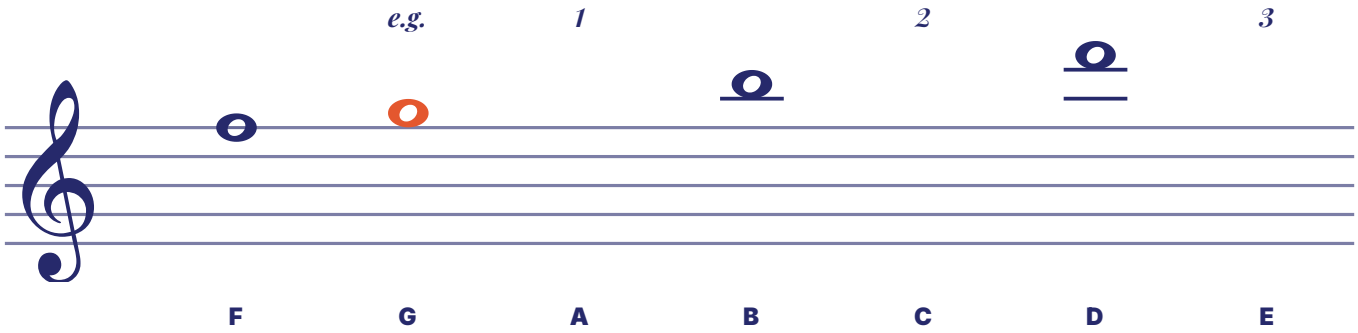

REMEMBER **Out of Queensland: G in the space, then A, C, E on the rungs.**

LESSON STEP 2

online

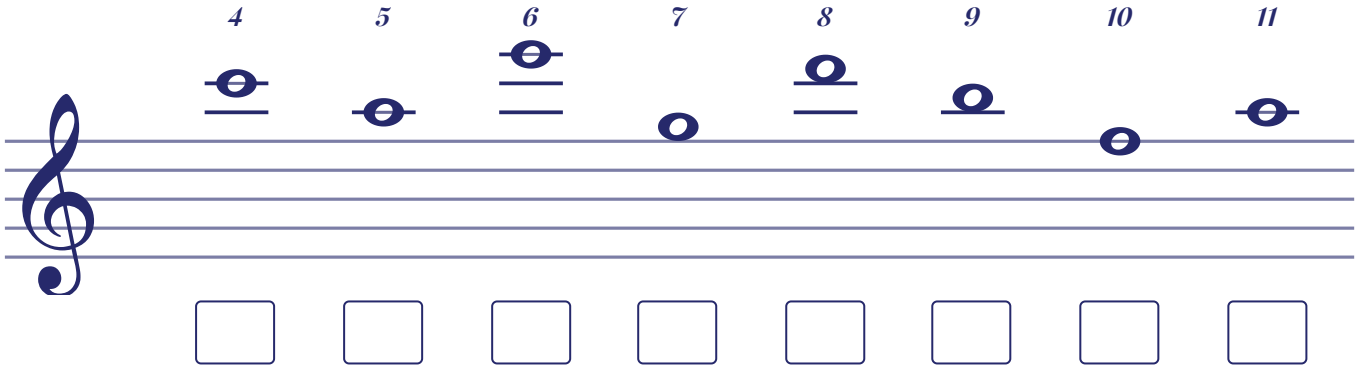

TRY IT Fill the ladder

Some notes are missing. Draw each one above its letter, one step up from the last, with its rungs.

YOUR TURN Name the sky notes

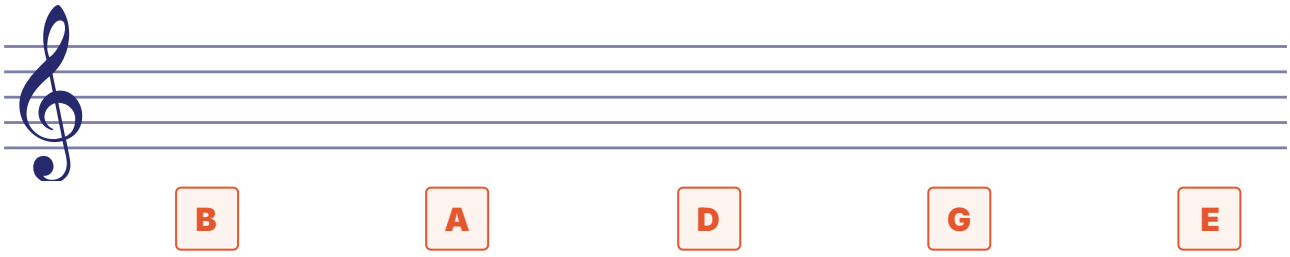

Count up from Queensland's top line, F, and write each letter.

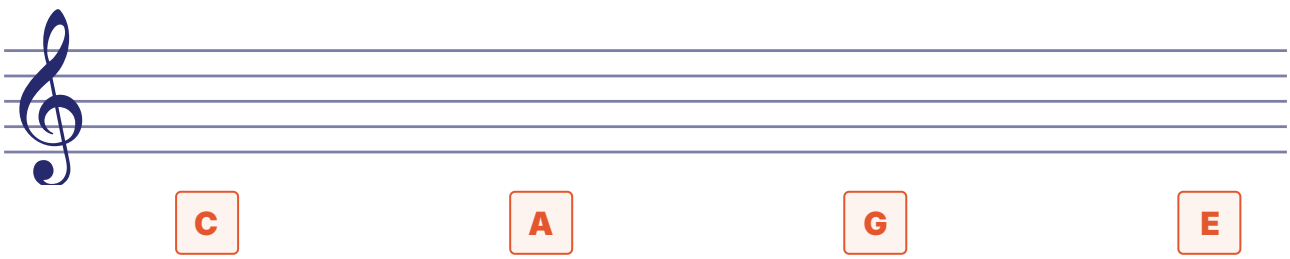

★ PLAY Words in the sky

Draw each note above Queensland, in line with its letter, with its rungs. Then play the words with your right hand.

STEP 3

Down into the sea

Now climb down from Kingsland's bottom line, **G**. Just under it, in the space, is Chapter 5's **F**. Rung 1 carries **E**, the next space **D**, and rung 2 carries **C** -- **Sea C**, down in the turtle's sea. One letter a step, backwards: G F E D C. Rung 3 is **A**.

At the piano

1. With your left hand, climb down from G: **G F E D C** -- "line, space, rung 1, space, rung 2". ☐
2. Find **Sea C**: from Clara's C, down to the next C, and the next. ☐

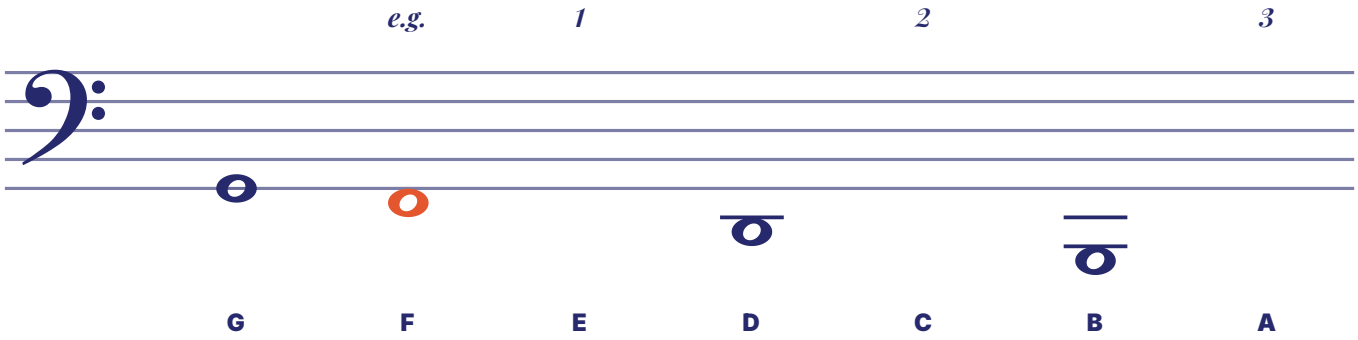

REMEMBER **Out of Kingsland: F in the space, then E, C, A on the rungs.**

LESSON STEP 3

TRY IT Fill the ladder

Some notes are missing. Draw each one above its letter, one step down from the last, with its rungs.

YOUR TURN Name the sea notes

Count down from Kingsland's bottom line, G, and write each letter.

★ PLAY Words in the sea

Draw each note below Kingsland, in line with its letter, with its rungs. Then play the words with your left hand.

STEP 4

Between the lands

The rungs between the lands are **borrowed**. The A on **rung 2 under Queensland** is the same key as Kingsland's **top line, A**; the E on **rung 2 over Kingsland** is the same key as Queensland's **bottom line, E**. Clara's C sits on one rung, seen from either land. The same key can be written two ways -- so each hand can stay in its own land.

At the piano

1. Play the three pairs above: A, C and E -- each once with the right hand, once with the left. The same sound! ☐
2. With your right hand, climb down out of Queensland: **E D C B A** -- "line, space, rung 1, space, rung 2" -- then point to Kingsland's top line, A. ☐

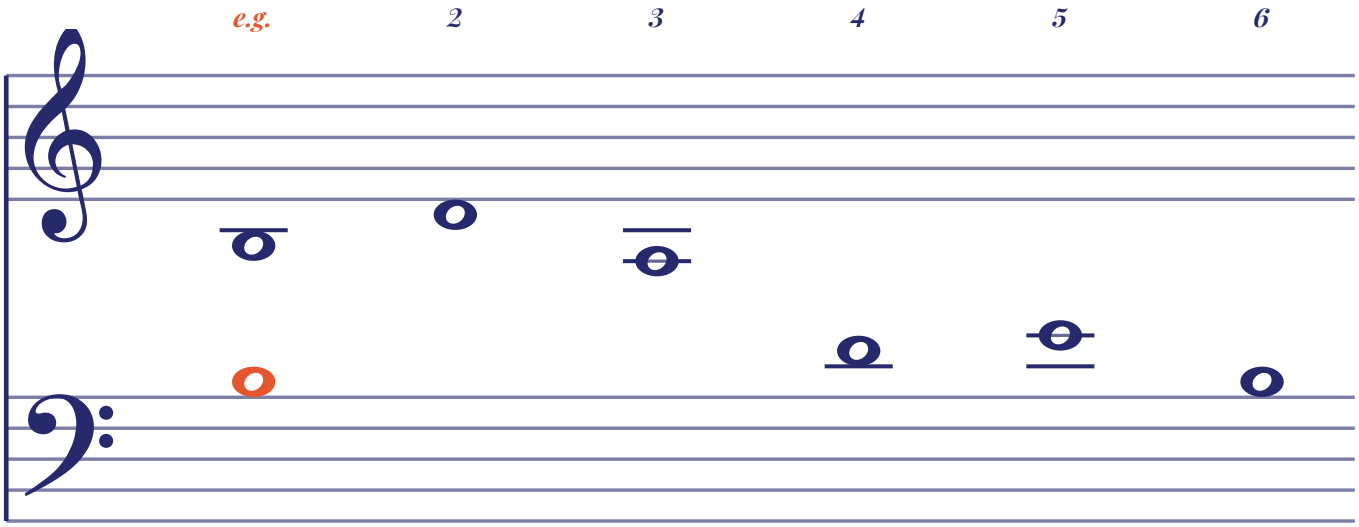

REMEMBER **Between the lands, the rungs are borrowed: the same key, two ways.**

LESSON STEP 4

online

TRY IT The same key in the other land

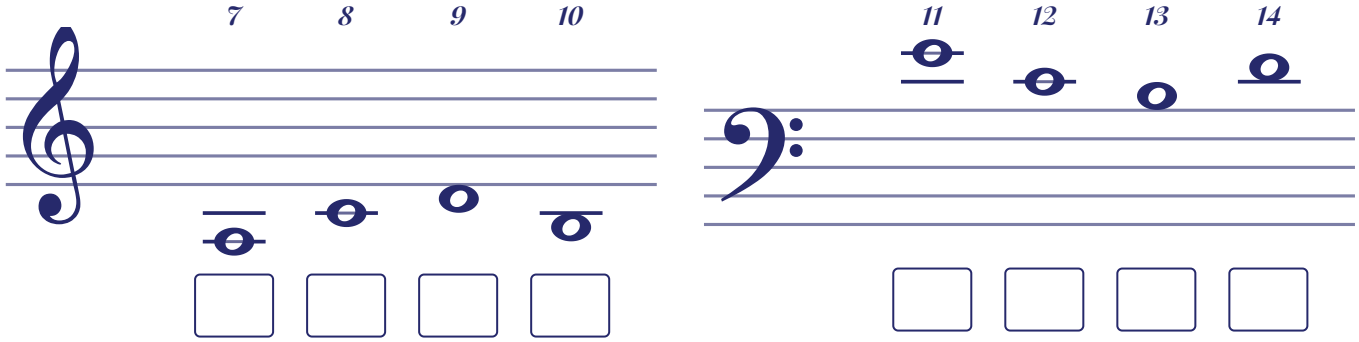

1-3: draw the same key in Kingsland. 4-6: draw it in Queensland. Write the letter.

B

YOUR TURN Read the borrowed rungs

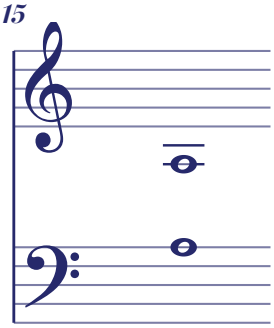

Whose land is the note in? Count out from that land, then write the letter.

★ PLAY Same key?

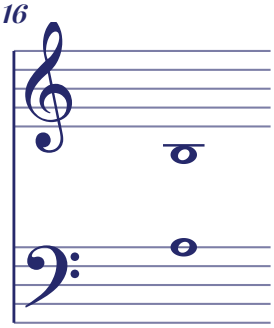

Each picture has a note in each land. Is it the same key on the piano? Circle yes or no.

STEP 5

Five Cs

From the sea to the sky there are five Cs, an octave apart: **Sea C**, **Kingsland C**, **Clara's C**, **Queensland C** and **Sky C**. They take turns: rungs, space, rung, space, rungs. Every ledger note in this book is a step or a skip from Sea C, Clara's C or Sky C.

At the piano

1. Play the five Cs from low to high, naming each one -- Sea C and Kingsland C with the left hand, the others with the right. ☐
2. **C hop:** your teacher points to a ledger note: nearest C → a step or a skip → name it → play it. ☐

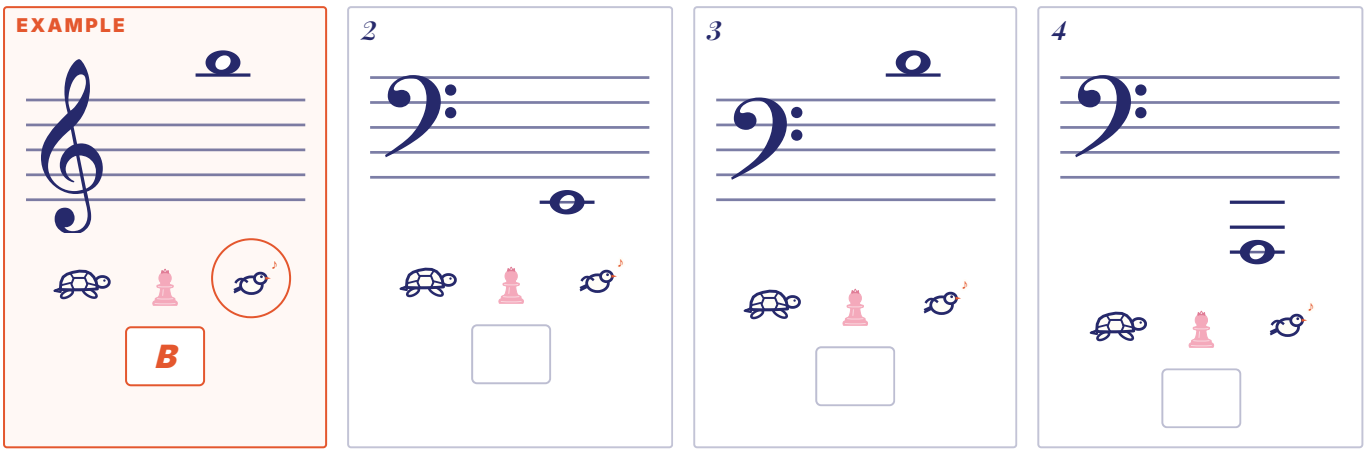

REMEMBER **Five Cs from the sea to the sky: find the nearest, then step or skip.**

LESSON STEP 5

online

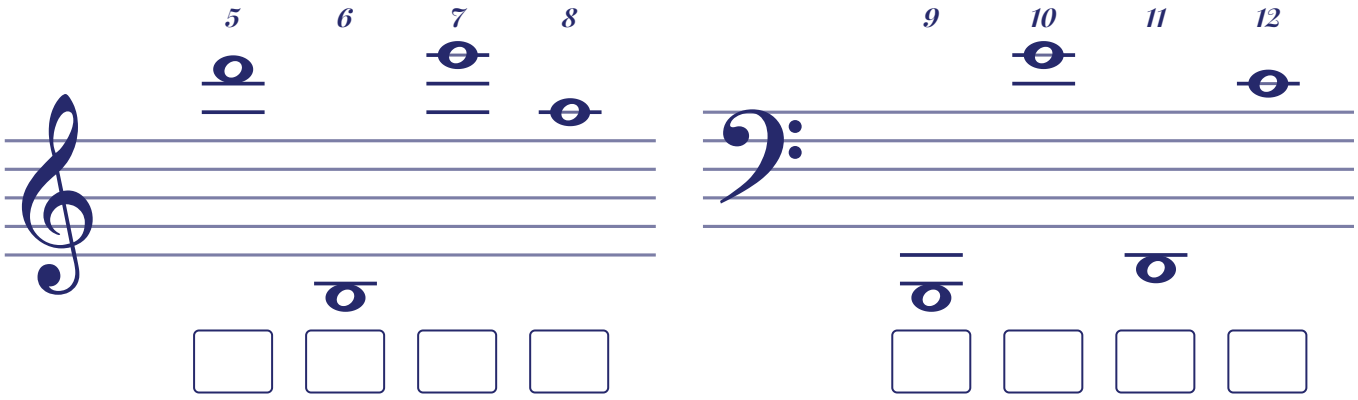

TRY IT Hop from a C

Circle the nearest C: the turtle's Sea C, Clara's C or the bird's Sky C. Then hop a step or a skip and write the letter.

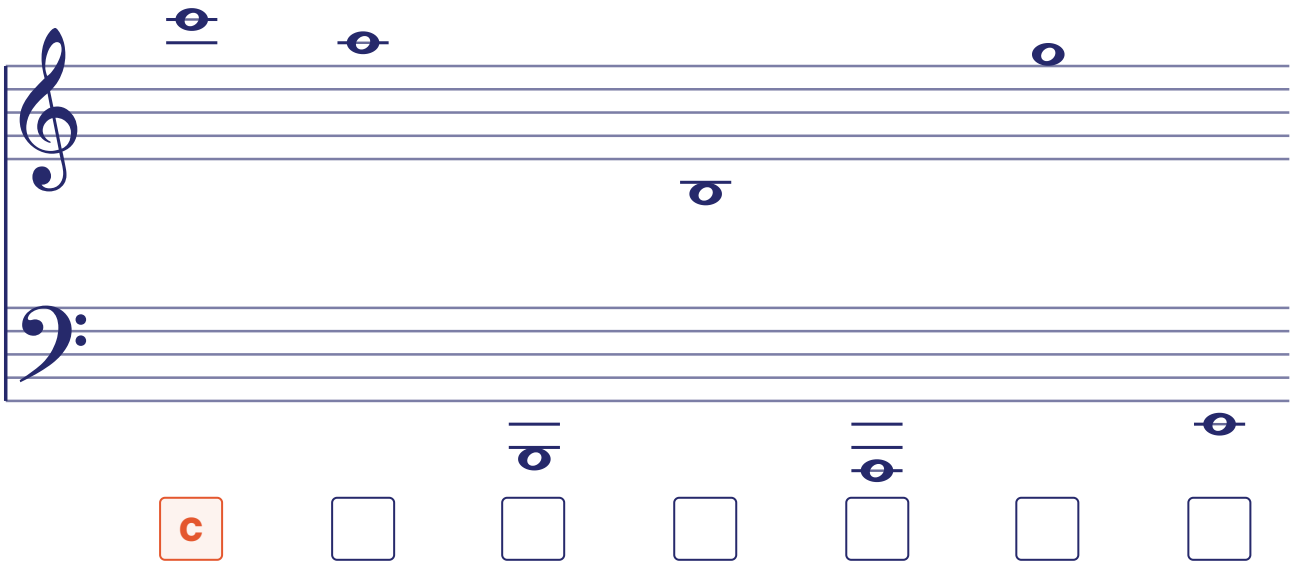

YOUR TURN Read them fast

Hop from the nearest C and write each letter.

★ PLAY The secret message

Write each note's letter, left to right. The word tells you what the turtle likes to eat.

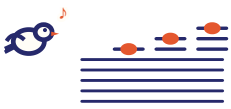

How did it feel? Circle one. ☺ 😐 ☹ CHECKED ☐

CHECK-UP

My five checks

Show each one at the piano, then colour a circle for how it is going -- not yet, nearly, or got it! The check-up on paper is in the Workbook.

Teacher copy · Ledger Lines

Answers for every workbook page, the mistakes students make most, and a line to say when they get stuck. A ledger line is also spelled leger line (AMEB accepts both). Some books teach the ledger notes as four lists -- A C E above the treble staff, C A F below it, C E G above the bass staff, E C A below it; this book counts out of each land and reads from the five Cs instead. The lists' third notes between the lands (F three rungs under Queensland, G three rungs over Kingsland) come later. AMEB: Preliminary needs one rung below Queensland; Grade 1 one rung above and below both lands; Grade 2 up to three.

p. 2 Clara's rung is a ledger line

TRY IT 1. ✓ 2. **× (too long)** 3. ✓ 4. **× (one too many)** 5. **× (a gap)**

YOUR TURN 6. **A: 1** 7. **C: 2** 8. **E: 1** 9. **G: 0** 10. **E: 3** 11. **D: 1** 12. **A: 2** 13. **B: 1**

PLAY 14. **0** 15. **2** 16. **1** 17. **3** 18. **0** 19. **1** 20. **2** 21. **1**

Watch for

Rungs drawn as one long line, a gap between the staff and the note, a rung beyond the note, rungs further apart than the staff lines. The notes just outside the staff (G over Queensland, F under Kingsland) need no rung.

If stuck, try saying

"Count the rungs out from the staff: line, space, rung..."

p. 3 Up into the sky

TRY IT 1. **A rung 1** 2. **C rung 2** 3. **E rung 3**

YOUR TURN 4. **C** 5. **A** 6. **E** 7. **G** 8. **D** 9. **B** 10. **F** 11. **A**

PLAY 12. **BADGE: B above rung 1, A rung 1, D above rung 2, G just over the top line, E rung 3** 13. **CAGE: C rung 2, A rung 1, G just over the top line, E rung 3**

Watch for

Counting the rungs wrong: starting from the wrong line (start on the top line, F), or calling the space just over the staff a rung. Sky C is on rung 2, not rung 3.

If stuck, try saying

"Line F, space G, rung A, space B, rung C -- Sky C."

p. 4 Down into the sea

TRY IT 1. **E rung 1** 2. **C rung 2** 3. **A rung 3**

YOUR TURN 4. **C** 5. **E** 6. **A** 7. **F** 8. **B** 9. **D** 10. **G** 11. **E**

PLAY 12. **BEAD: B below rung 2, E rung 1, A rung 3, D below rung 1** 13. **CAFE: C rung 2, A rung 3, F just under the bottom line, E rung 1**

Watch for

Reading upwards by habit: below Kingsland the letters go backwards. Sea C is on rung 2 under Kingsland.

If stuck, try saying

"Line G, space F, rung E, space D, rung C -- Sea C."

p. 5 Between the lands

TRY IT 1. **B → Kingsland just over the top line** 2. **D → Kingsland above rung 1** 3. **A → Kingsland top line** 4. **D → Queensland just under the bottom line** 5. **E → Queensland bottom line** 6. **B → Queensland below rung 1**

YOUR TURN 7. **A** 8. **C** 9. **D** 10. **B** 11. **E** 12. **C** 13. **B** 14. **D**

PLAY 15. **yes** 16. **no** 17. **no** 18. **yes**

Watch for
Reading a note under Queensland as a Kingsland note: it belongs to the land it hangs from, so count out from Queensland. The same key in the other land is written another way.

If stuck, try saying
"Whose land is it in? Count out from that land."

p. 6 Five Cs

TRY IT 1. **Sky C → B** 2. **Sea C → E** 3. **Clara's C → D** 4. **Sea C → A**

YOUR TURN 5. **D** 6. **B** 7. **E** 8. **A** 9. **B** 10. **E** 11. **D** 12. **C**

PLAY 1. **CABBAGE**

Watch for
Counting every rung from the staff instead of hopping from the nearest C. Every ledger note in the book is a step or a skip from Sea C, Clara's C or Sky C.

If stuck, try saying
"Find the nearest C -- then a step or a skip."

p. 7 The check-up on paper (the Workbook's last page)

A 1. **C: 2 rungs** 2. **E: 1 rung** 3. **A: 2 rungs** 4. **G: 0 rungs**

B 5. **B** 6. **E** 7. **G** 8. **C**

C 9. **D** 10. **A** 11. **F** 12. **C**

D 13. **A** 14. **E** 15. **B** 16. **D**

E 17. **D** 18. **B** 19. **C** 20. **E**

Watch for
Score each part on its own (4 marks, pass 3+). Not passed? Go back to that step's page: A p.2 · B p.3 · C p.4 · D p.5 · E p.6.

If stuck, try saying
"Count out from the land -- or hop from the nearest C."

LESSON TIME The C hop needs only note cards. Short lessons: set the drill levels as the week's practice -- a little every day, tracked on the student page. A Preliminary student can stop after level 1.
