CHAPTER 2

Keyboard Patterns

The black keys are arranged in groups of two and three. This pattern repeats across the whole keyboard, and it is how you find every note.

Key points

1. Black keys come in **groups of two** and **groups of three**, alternating.
2. Three white keys surround each group of two; four white keys surround each group of three. Seven white keys, then the pattern repeats.
3. **Middle C** is the white key just left of the group of two nearest the centre. Notes go lower to the left and higher to the right.

Pages in this chapter

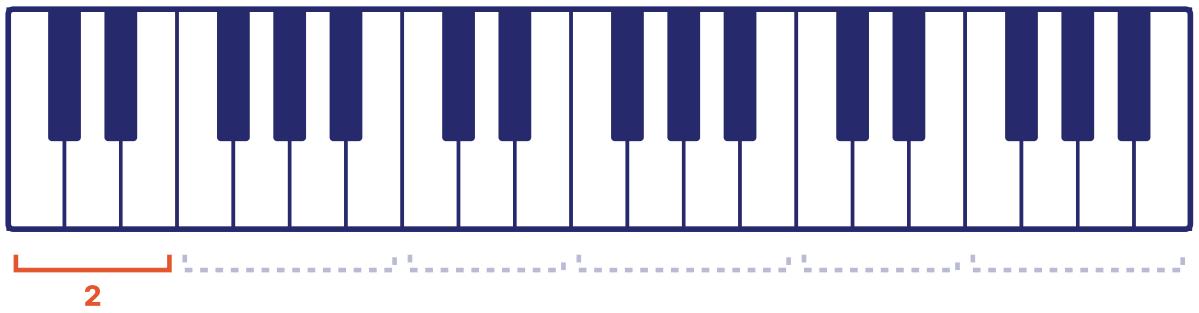

Groups of black keys	p. 3 ☐
White keys in each group	p. 4 ☐
The whole keyboard	p. 5 ☐
Fingers 2, 3, 4	p. 6 ☐
Review	p. 7 ☐

STEP 1

Groups of black keys

1 Mark the groups

Draw a bracket under every group of black keys and write 2 or 3. The first one is done.

2 Count

Colour each group of two in one colour and each group of three in another. Then count them.

Groups of two ☐ Groups of three ☐

3 Higher or lower?

At the piano, someone plays two notes, one after the other. Was the second higher or lower? Ten rounds; tick each correct answer.

Correct ○ ○ ○ ○ ○ ○ ○ ○ ○ ○

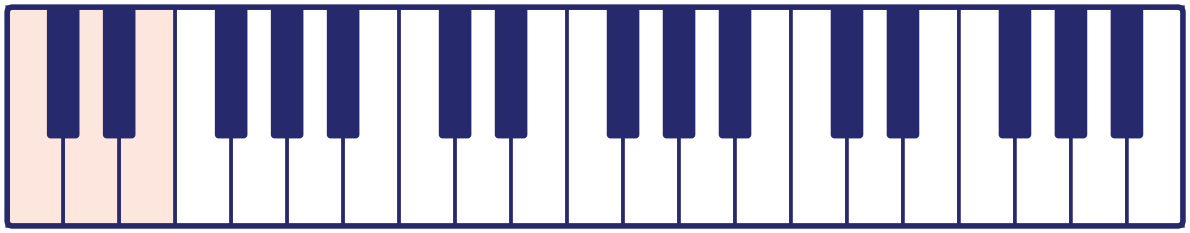

Date _____ Practised ____ times Checked _____

STEP 2

White keys in each group

1 Shade the white keys

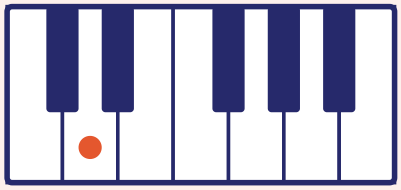

Shade the three white keys around every group of two in one colour, and the four around every group of three in another. The first group is done.

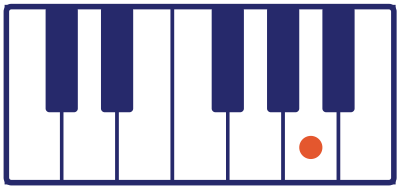

2 Which group?

Is the marked white key beside a group of two or a group of three? Write 2 or 3.
